## Fig. 51

- 1 Scanning line
- 2 Formation of thin film silicon island
- 3 Video signal wiring  
& Liquid crystal alignment direction control electrode
- 4 Contact hole
- 5 Transparent pixel electrode

## Fig. 52

- 1 Scanning line
- 2 Formation of thin film silicon island  
& Video signal wiring  
& Liquid crystal alignment direction control electrode
- 3 Contact hole
- 4 Transparent pixel electrode

## Fig. 53

- 1 Scanning line  
& Liquid crystal alignment direction control electrode
- 2 Formation of thin film silicon island
- 3 Video signal wiring
- 4 Contact hole
- 5 Transparent pixel electrode

## Fig. 54

- 1 Scanning line  
& Liquid crystal alignment direction control electrode
- 2 Formation of thin film silicon island  
& Video signal wiring
- 3 Contact hole
- 4 Transparent pixel electrode

## Fig. 55

- 1 Scanning line  
& Common electrode
- 2 Formation of thin film silicon island
- 3 Video signal wiring  
& Liquid crystal alignment direction control electrode
- 4 Contact hole
- 5 Transparent pixel electrode

## Fig. 56

- 1 Scanning line  
& Common electrode
- 2 Formation of thin film silicon island  
& Video signal wiring  
& Liquid crystal alignment direction control electrode
- 3 Contact hole
- 4 Transparent pixel electrode

## Fig. 57

- 1 Scanning line  
& Common electrode  
& Liquid crystal alignment direction control electrode
- 2 Formation of thin film silicon island
- 3 Video signal wiring
- 4 Contact hole
- 5 Transparent pixel electrode

## Fig. 58

- 1 Scanning line  
& Common electrode  
& Liquid crystal alignment direction control electrode
- 2 Formation of thin film silicon island  
& Video signal wiring
- 3 Contact hole
- 4 Transparent pixel electrode
